Executive Director, Jim McRath introduced the staff members that were present and welcomed everyone to the meeting.

Minutes from the February 4, 2010 meeting were reviewed. On motion by Evelyn Pletcher seconded by Jo Miller the minutes were accepted. All members in favor.

Mr. McRath reviewed the purpose of the Tenant Advisory Board, its background and history of the preparation of the Annual Plan. He commented on the continued High Performance Standard the Authority, the continued subsidy to EMTA and maintaining the Homemakers Assistance Program.

Mr. McRath indicated that the Authority will be updating the Admissions and Occupancy Policies with several changes this year.

Changes to the Operating Plan for Public Housing that are purposed:

- The Principal Residence clause will require a family to physically move in within 30 days of signing their lease. This is to prevent a family from renting an apartment but continuing to resident in another area and never physically move-in.

- There is a change in the preference process for PH. There is now a preference for being a resident in the county. In addition, there will be a scoring system to rate preferences.
- EIV tenant system search required by HUD for all new applicants.
- Upgrades to Violence Against Woman Act compliance.

Changes to the Operating Plan for Section 8 that are purposed are:

- Suspension due to insufficient funding.
- Project Based Voucher Program
- Preference to include county residency and nursing home transition

Board members were presented with items that are to be included in the 2011 Capital Grant application. Mr. McRath informed the members that any additional suggestions to improvements will be taken into consideration before the final Agency Plan is submitted.

Resident Suggestions:

Lonny Frost said that at Tabor Townhouses they are having an issue with ice gathering in the gutters and causing a dangerous situation with dripping and ice built up on the sidewalks. Kevin indicated that he would look into with the Maintenance Foreman.

Nell Bergstresser from Riverside Cottages in Blossburg inquired as to when the new siding gets installed will they be insulated and replacing windows. Kevin will look into.

Virginia Case from Sherwood Manor requested new furniture for community room, 10 new individual chairs to use for pot luck dinners and medicine cabinet replacement.

Jim Herron requested emergency lighting for Beechers Square residents in their apartments. As well as additional emergency pull cords.

Some residents requested a spray hose on kitchen sinks.

Pinnacle Towers & Park Hill residents complained that a few residents seem to have dust coming from the ceiling. Kevin indicated that he would have the Foreman look into it.

Hearing no further comments or questions Mr. McRath reminded the members of the Public Hearing scheduled for March 10, 2011 at 10:00AM at Pinnacle Towers in Wellsboro. Members were thanked for their participation.

This requires the family to provide limited basic information establishing any preferences to which they may be entitled. This first phase results in the family's placement on the waiting list.

The second phase is the final determination of eligibility. This takes place when the family nears the top of the waiting list. The Tioga County Housing Authority will ensure that verification of all preferences, eligibility, suitability and selection factors are current in order to determine the family's final eligibility for admission into the Public Housing Program.

Reason for Changes – The admission of the Authority's website and application submittal being adjusted to an online process.

Chapter 8 Eligibility for Admission

Section B – EIV System

Renumber the existing Section B to Section C and the existing Section C to Section D Insert a new Section B as follows:

Section B – EIV System

For each prospective tenant, the Tioga County Housing Authority shall at the time of the eligibility interview print and maintain on file a copy of the EIV Existing Tenant Search results.

If the applicant or members of applicant's household are identified by EIV as currently being assisted at or owes a debt to, another Multifamily Housing or Public and Indian Housing (PIH) location, the Tioga County Housing Authority shall discuss these findings with the appropriate member(s) of applicant household and provide the opportunity to explain the circumstances relative to being assisted at, or owing a debt to, another housing provider.

If necessary the Tioga County Housing Authority will coordinate move-in/move-out dates with the other housing provider at the other location.

The Tioga County Housing Authority shall retain Existing Tenant Search results, as well as any related additional documentation, with the application.

Reason for Changes – To include new HUD requirements concerning use of the previous tenant report in the EIV System.

Chapter 10.0 - Tenant Selection and assignment

Remove this section in its entirety and insert the following:

Section 10.1 Preferences

The Tioga County Housing Authority will select families based on the following preferences within each bedroom size category:

- A. Residency preferences for families who live, work, or have been hired to work or who are attending school in Tioga County. This preference shall be worth 50 points.
- B. Those who are involuntarily displaced by government action, flood, fire or as a result of a disaster declared or otherwise formally recognized pursuant to federal disaster relief laws. This preference shall be worth25 points.
- C. Victims of domestic violence. This preference shall be worth 20 points.
- D. Persons who are homeless. This preference shall be worth 15 points.
- E. Those who have been employed 20 hours per week for the three months prior to submitting the application. This preference shall be worth 10 points.
- F. Veterans and Veteran's families. This preference shall be worth 5 points.

Points awarded for the above listed preferences shall be cumulative. Order of applicant selection among applicants with the same number of preference points shall be based on the state and time of the application. Table 1 provides a matrix of the various cumulative values of the preference listed above.

Building Designed for the Elderly and Disabled: Preference will be given to elderly and disabled families. If there are no elderly or disabled families on the list, preference will then be given to near-elderly families. If there are no near-elderly

families on the waiting list units will be offered to families who qualify for the appropriate bedroom size using these priorities. All such families will be selected from the waiting list using the preferences as outlined above.

Accessible Units: Accessible units will be first offered to families who may benefit from the accessible features. Applicants for these units will be selected utilizing the same preference system as outlined above. If there are no applicants who would benefit from the accessible features, the units will be offered to other applicants in the order that their names come up to the top of the waiting list. Such applicants, however, must sign a release form stating that will accept a transfer (at their own expense) if, at a future time, a family requiring an accessible feature applies. Any family required to transfer will be given a 30-day notice. A separate waiting list will be maintained for applicants that request a handicapped unit only.

Reason for changes: Addition of the residence preference and point values of preferences.

Chapter 10. Tenant Selection and Assignment Plan

<u>Insert section 10.9 which was not previously on the plan, as follows:</u>

Section 10.9 Physical Residency Requirement

The physical unit that the applicant signs the lease agreement for must become their principal residence. The tenant will be given 30 days from the date of the lease signing to physically move into the residence and change their mailing address to this location. Failure to do so allows the Tioga County Housing Authority the option of beginning the eviction process.

Reason for Change – To avoid applicants from renting units and not physically moving into them while keeping their primary residence elsewhere.

Chapter 19.0 Violence Against Woman Act

Addition of A, B, C & D under Section 19.1 as follows:

Section 19.1 Violence Against Woman Act

- A. Tioga County Housing Authority may not consider incidents of domestic violence, dating violence or stalking as serious or repeated violations of the lease or other "good cause" for termination of assistance, tenancy or occupancy rights of the victim of abuse.
- B. The Tioga County Housing Authority may not consider criminal activity directly related to abuse, engaged in by a member of a tenant's household or any guest or other person under the tenant's control, cause for termination of assistance, tenancy, or occupancy rights if the tenant or an immediate member of the tenant's family is the victim or threatened victim of that abuse.
- C. The Tioga County Housing Authority may request in writing that the victim, or family member on the victim's behalf, certify that the individual is a victim of abuse and that the Certification of Domestic Violence, Dating Violence or Stalking, Form HUD-91066 or other documentation as noted on the certification form, be completed and submitted within 14 business days, or an agreed upon extension date, to receive protection under the VAWA. Failure to provide the certification or other supporting documentation within the specific timeframe may result in eviction.
- D. The Tioga County Housing Authority should be mindful that the delivery of the certification form to the tenant in response to an incident via mail may place the victim at risk, e.g., the abuser may monitor the mail. Therefore, the Authority may require that the tenant appear in person to pick up the certification form and are encouraged to work with tenants to make delivery arrangements that do not place the tenant at risk.

Reason for Changes - To include new HUD requirements for the Violence Against Woman Act

Chapter 19. Termination of Contract

A. Suspension Due To Insufficient Funding

The Tioga County Housing Authority monitors income and expenditure data for the Housing Choice Voucher Program on a monthly basis. If at any time the Tioga County Housing Authority determines that insufficient funding is available to meet Housing Assistance Payment obligations, the Authority will take action to ensure fiscal solvency of the Housing Choice Voucher Program. The Authority will take the following actions to balance anticipated voucher program expenditures with voucher program income:

- 1. Suspend issuances of vouchers to applicants from the Section 8 Voucher Program waiting list.
- 2. Termination of vouchers previously issued to applicant, but not yet under assistance contract.
- 3. Suspend assistance to current program participants:

In the event that the Tioga County Housing Authority must suspend assistance to current participants, such suspensions will be performed as follows:

- a. The Tioga County Housing Authority will compile a list of all current participants. This participation list shall be in descending order of date of admission into the program (that is the oldest date of admission shall appear first).
- b. The Tioga County Housing Authority will review the participant list and will initially exclude from the list all participating families which the Head of Household or Co Head of Household is elderly (defined as age 62 or older) or is disabled.
- c. The Tioga County will then select non elderly/non disabled households from the participating list in order of program admission date, beginning with the participant with the oldest date.
- d. The Tioga County Housing Authority will continue to select participants from the list until a sufficient number of participants are selected such that the sum of their monthly assistance payments are sufficient to reduce total monthly payments to an amount commensurate with program income
- e. In the event that there are not sufficient numbers of elderly/non elderly disabled households available to reduce expenditures to the required level, then the Tioga County Housing Authority will select elderly/disabled households for suspension in the order of the household's program admission date (beginning with the oldest date of admission).
- f. All participants selected for suspension as described in this section shall receive no less than 30 days written notification of the suspension of assistance. Such notice shall also be provided to the affected property owner.
- g. Suspension of assistance under this section shall not be subject to the Tioga County Housing Authority's Grievance Policy and any participant suspended solely due to lack of sufficient funding shall not be entitled to a hearing to contest the Authority's action.

h. Suspension of assistance to the participant under this section shall result in termination of the Housing Assistance Payment Contract with the property owner on the same date as assistance to the participant is suspended. The Tioga County Housing Authority shall have no obligation for any additional assistance payments to the property owner beyond the date of suspension of assistance.

4. Restoration of Assistance.

Any participant whose assistance is suspended due solely to lack of sufficient funding may be entitled to reinstatement of assistance. Reinstatement shall be available to any suspended participant who, as of the date of the reinstatement offer, is not already receiving another form of subsidized housing assistance. Such other subsidized housing assistance shall mean a housing program in which the participant is required to pay no more than 30% of their adjusted income for rent and utilities:

- a. Assistance shall be reinstated in the same order in which assistance was originally suspended. However, reinstatement may be subject to termination of participation in the event the participant has engaged in an act or acts during suspension period, which act or acts would result in program termination had the assistance suspension not been in effect. For example is during the suspension period the participant engages in a criminal act which would have resulted in a termination action had assistance not be suspended. In the event of such a termination action, all requirements in this policy governing termination of program participant shall be in effect.
- b. Reinstatement will include the execution of a new Housing Assistance Payment contract with the property owner. If at the time of reinstatement the new HAP contract is executed for the same dwelling occupied by the participant at the time of assistance suspension, the Tioga County Housing Authority shall have no obligation for assistance payments during the time period in which the suspension action was in effect.
- c. When offered the opportunity doe reinstatement, the affected participants will be subject to the procedures outlined in this policy for new participants, including but not limited to: issuance of the

- voucher, time period for locating a dwelling, execution of the Hap contract, rent reasonableness and Housing Quality Standards.
- d. In no event shall the Tioga County Housing Authority admit any new participant families from the waiting list nor absorb any incoming portable voucher holders until all eligible participants with suspension assistance have been offered the opportunity for reinstatement.
- e. All suspended participants shall be notified in writing of the offer of reinstatement. Such written notice shall be sent to the last known mailing address provided by the participant. Failure of the participant to respond to the offer of reinstatement within 30 days shall be rounds for termination of assistance in accordance with the procedures for termination outlined in this Administrative Plan.
- 4. Multiple Suspension Events
 - a. In the event that the Tioga County Housing Authority must suspend assistance on more than one occasion, additional restrictions on suspension will take effect. In no case shall any participant be subject to a 2nd or subsequent suspension event until all participants have been subject to suspension.
- 5. Treatment of Suspended Participants during suspension
 - a. Any participants with suspended assistance shall remain a current program participant. As such reinstatement of assistance shall not be considered a new program admission for purposes of the income targeting requirements outlined in this Administrative Plan.

Reason for Change – Describe procedures to deal with reduction of HAP costs due to insufficient funding.

II. 22.0 PROJECT BASED VOUCHER PROGRAM

A. Purpose

The Tioga County Housing Authority's project based voucher program is established to provide safe and affordable housing opportunities for elderly, disabled, and/or severely economically disadvantaged families. Persons who are elderly and/or have disabilities or who are economically disadvantaged must be offered supportive services as a condition of occupancy.

Supportive housing services include but are not limited to:

- a private apartment:
- a service coordinator to help residents arrange for services;
- personal care services;
- housekeeping and laundry assistance;
- transportation;
- social activities;
- help with chores;

B. Procurement

Units selected for project-based assistance are units for which competitively awarded 9 percent housing tax credits have been provided. Owners who have received competitively awarded 9 percent housing tax credits must make a written request to Tioga County Housing Authority for project-based voucher assistance within 3 years from the date of their award. Tioga County Housing Authority will require the owner to submit an application based upon selection criteria. All units must meet selection criteria.

If a request for proposals is initiated by Tioga County Housing Authority, Tioga County Housing Authority will publicly advertise the availability of project-based assistance for a specific number of units through a written application method. The request for proposal application will contain selection criteria that shall not limit proposals to a single site or impose restrictions that would preclude proposals for different sites. A deadline for submission for proposals will be required. A public advertisement will be placed in Wellsboro Gazette.

C. Selection Criteria

Proposals for project-based assistance may be requested for new or existing structures or structures that will undergo rehabilitation. The type of units sought for project based assistance may have special conditions that are created to achieve a desired housing outcome for the type of families targeted to receive housing assistance and/or to create affordable hosing opportunities in specific geographic areas meeting site selection criteria. Site selection criteria will be included as part of the proposal in order to inform prospective bidders of the methodology used to evaluate proposals.

D. Evaluation of Applications

Applications will be judged individually and may be approved for project based assistance if:

- 1. The application meets proposal requirements and the purposes described above;
- 2. The application meets site selection standards set by HUD pursuant to 24CFR Part 983;
- 3. Time tables for contract execution are met;
- 4. The owner is in good standing with HUD and TIOGA COUNTY Housing Authority; and,
- 5. The application is consistent with project based voucher regulations.

The Tioga County Housing Authority reserves the right to reduce the number of project-based units that have been requested.

E. Award of Project Based Contracts

Project based contracts will be approved by the Tioga County Housing Authority Board of Commissioners. Tioga County Housing Authority shall give prompt written notice of such selection to the party that submitted the proposal and prompt public notice of such selection.

F. Participant Rights and Responsibilities

Admission, tenant rent contributions, occupancy, tenancy, annual reexaminations, and housing quality standards and policies for participants will be governed by 24CFR Parts 982, 983 and this Administrative Plan. Voucher issuance and portability are restricted while the family participates in the project based

voucher program. Tenants must comply with HUD's list of family obligations and Administrative Plan requirements.

G. Tioga County Housing Authority Responsibilities

Tioga County Housing Authority's project-based voucher program will comply with HUD and Tioga County Housing Authority regulations and policies. If Tioga County Housing Authority owned units are selected for project-based voucher assistance, TCHA will be required to allow a HUD filed office review of the TCHA's proposal and selection process.

Reason for Change – Initiate more stable affordable housing in the County to address the current affordable housing crisis as a result of the local Marcellus Shale Gas Play situation.

Rent Determination Policies

Rent determination policies are explained in detail in the Authority's Public Housing Admissions and Occupancy Policy and the Authority's Section 8 Administrative Plan. Copies of both documents are available at the Authority's Administrative Offices and are also available from the Authority's website – http://www.tbhra.com

Section 10.1 Preferences

The Tioga County Housing Authority will select families based on the following preferences within each bedroom size category:

- A. Residency preferences for families who live, work, or have been hired to work or who are attending school in Tioga County. This preference shall be worth 50 points.
- B. Those who are involuntarily displaced by government action, flood, fire or as a result of a disaster declared or otherwise formally recognized pursuant to federal disaster relief laws. This preference shall be worth25 points.
- C. Victims of domestic violence. This preference shall be worth 20 points.
- D. Persons who are homeless. This preference shall be worth 15 points.
- E. Those who have been employed 20 hours per week for the three months prior to submitting the application. This preference shall be worth 10 points.
- F. Veterans and Veteran's families. This preference shall be worth 5 points.

Points awarded for the above listed preferences shall be cumulative. Order of applicant selection among applicants with the same number of preference points shall be based on the state and time of the application. Table 1 provides a matrix of the various cumulative values of the preference listed above.

Building Designed for the Elderly and Disabled: Preference will be given to elderly and disabled families. If there are no elderly or disabled families on the list, preference will then be given to near-elderly families. If there are no near-elderly families on the waiting list units will be offered to families who qualify for the appropriate bedroom size using these priorities. All such families will be selected from the waiting list using the preferences as outlined above.

Accessible Units: Accessible units will be first offered to families who may benefit from the accessible features. Applicants for these units will be selected utilizing the same preference system as outlined above. If there are no applicants who would benefit from the accessible features, the units will be offered to other applicants in the order that their names come up to the top of the waiting list. Such applicants, however, must sign a release form stating that will accept a transfer (at their own expense) if, at a future time, a family requiring an accessible feature applies. Any family required to transfer will be given a 30-day notice. A separate waiting list will be maintained for applicants that request a handicapped unit only.

Reason for changes: Addition of the residence preference and point values of preferences.

Chapter 10. Tenant Selection and Assignment Plan

Insert section 10.9 which was not previously on the plan, as follows:

Section 10.9 Physical Residency Requirement

The physical unit that the applicant signs the lease agreement for must become their principal residence. The tenant will be given 30 days from the date of the lease signing to physically move into the residence and change their mailing address to this location. Failure to do so allows the Tioga County Housing Authority the option of beginning the eviction process.

Reason for Change – To avoid applicants from renting units and not physically moving into them while keeping their primary residence elsewhere.

Chapter 19.0 Violence Against Woman Act

Addition of A, B, C & D under Section 19.1 as follows:

Section 19.1 Violence Against Woman Act

- A. Tioga County Housing Authority may not consider incidents of domestic violence, dating violence or stalking as serious or repeated violations of the lease or other "good cause" for termination of assistance, tenancy or occupancy rights of the victim of abuse.
- B. The Tioga County Housing Authority may not consider criminal activity directly related to abuse, engaged in by a member of a tenant's household or any guest or other person under the tenant's control, cause for termination of assistance, tenancy, or occupancy rights if the tenant or an immediate member of the tenant's family is the victim or threatened victim of that abuse.
- C. The Tioga County Housing Authority may request in writing that the victim, or family member on the victim's behalf, certify that the individual is a victim of abuse and that the Certification of Domestic Violence, Dating Violence or Stalking, Form HUD-91066 or other documentation as noted on the certification form, be completed and submitted within 14 business days, or an agreed upon extension date, to receive protection under the VAWA. Failure to provide the certification or other supporting documentation within the specific timeframe may result in eviction.
- D. The Tioga County Housing Authority should be mindful that the delivery of the certification form to the tenant in response to an incident via mail may place the victim at risk, e.g., the abuser may monitor the mail. Therefore, the Authority may require that the tenant appear in person to pick up the certification form and are encouraged to work with tenants to make delivery arrangements that do not place the tenant at risk.

Reason for Changes – To include new HUD requirements for the Violence Against Woman Act

Chapter 19. Termination of Contract

A. Suspension Due To Insufficient Funding

The Tioga County Housing Authority monitors income and expenditure data for the Housing Choice Voucher Program on a monthly basis. If at any time the Tioga County Housing Authority determines that insufficient funding is available to meet Housing Assistance Payment obligations, the Authority will take action to ensure fiscal solvency of the Housing Choice Voucher Program. The Authority will take the following actions to balance anticipated voucher program expenditures with voucher program income:

- Suspend issuances of vouchers to applicants from the Section 8 Voucher Program waiting list.
- 2. Termination of vouchers previously issued to applicant, but not yet under assistance contract.
- 3. Suspend assistance to current program participants:

In the event that the Tioga County Housing Authority must suspend assistance to current participants, such suspensions will be performed as follows:

- a. The Tioga County Housing Authority will compile a list of all current participants. This participation list shall be in descending order of date of admission into the program (that is the oldest date of admission shall appear first).
- b. The Tioga County Housing Authority will review the participant list and will initially exclude from the list all participating families which the Head of Household or Co Head of Household is elderly (defined as age 62 or older) or is disabled.
- c. The Tioga County will then select non elderly/non disabled households from the participating list in order of program admission date, beginning with the participant with the oldest date.
- d. The Tioga County Housing Authority will continue to select participants from the list until a sufficient number of participants are selected such that the sum of their monthly assistance payments are sufficient to reduce total monthly payments to an amount commensurate with program income
- e. In the event that there are not sufficient numbers of elderly/non elderly disabled households available to reduce expenditures to the required level, then the Tioga County Housing Authority will select elderly/disabled households for suspension in the order of the household's program admission date (beginning with the oldest date of admission).
- f. All participants selected for suspension as described in this section shall receive no less than 30 days written notification of the suspension of assistance. Such notice shall also be provided to the affected property owner.
- g. Suspension of assistance under this section shall not be subject to the Tioga County Housing Authority's Grievance Policy and any participant suspended solely due to lack of sufficient funding shall not be entitled to a hearing to contest the Authority's action.

h. Suspension of assistance to the participant under this section shall result in termination of the Housing Assistance Payment Contract with the property owner on the same date as assistance to the participant is suspended. The Tioga County Housing Authority shall have no obligation for any additional assistance payments to the property owner beyond the date of suspension of assistance.

4. Restoration of Assistance.

Any participant whose assistance is suspended due solely to lack of sufficient funding may be entitled to reinstatement of assistance. Reinstatement shall be available to any suspended participant who, as of the date of the reinstatement offer, is not already receiving another form of subsidized housing assistance. Such other subsidized housing assistance shall mean a housing program in which the participant is required to pay no more than 30% of their adjusted income for rent and utilities:

- a. Assistance shall be reinstated in the same order in which assistance was originally suspended. However, reinstatement may be subject to termination of participation in the event the participant has engaged in an act or acts during suspension period, which act or acts would result in program termination had the assistance suspension not been in effect. For example is during the suspension period the participant engages in a criminal act which would have resulted in a termination action had assistance not be suspended. In the event of such a termination action, all requirements in this policy governing termination of program participant shall be in effect.
- b. Reinstatement will include the execution of a new Housing Assistance Payment contract with the property owner. If at the time of reinstatement the new HAP contract is executed for the same dwelling occupied by the participant at the time of assistance suspension, the Tioga County Housing Authority shall have no obligation for assistance payments during the time period in which the suspension action was in effect.
- c. When offered the opportunity doe reinstatement, the affected participants will be subject to the procedures outlined in this policy for new participants, including but

- not limited to: issuance of the voucher, time period for locating a dwelling, execution of the Hap contract, rent reasonableness and Housing Quality Standards.
- d. In no event shall the Tioga County Housing Authority admit any new participant families from the waiting list nor absorb any incoming portable voucher holders until all eligible participants with suspension assistance have been offered the opportunity for reinstatement.
- e. All suspended participants shall be notified in writing of the offer of reinstatement. Such written notice shall be sent to the last known mailing address provided by the participant. Failure of the participant to respond to the offer of reinstatement within 30 days shall be rounds for termination of assistance in accordance with the procedures for termination outlined in this Administrative Plan.

4. Multiple Suspension Events

- a. In the event that the Tioga County Housing Authority must suspend assistance on more than one occasion, additional restrictions on suspension will take effect. In no case shall any participant be subject to a 2nd or subsequent suspension event until all participants have been subject to suspension.
- 5. Treatment of Suspended Participants during suspension
 - a. Any participants with suspended assistance shall remain a current program participant. As such reinstatement of assistance shall not be considered a new program admission for purposes of the income targeting requirements outlined in this Administrative Plan.

Reason for Change – Describe procedures to deal with reduction of HAP costs due to insufficient funding.

Tioga County Housing Authority will require the owner to submit an application based upon selection criteria. All units must meet selection criteria. If a request for proposals is initiated by Tioga County Housing Authority, Tioga County Housing Authority will publicly advertise the availability of project-based assistance for a specific number of units through a written application method. The request for proposal application will contain selection criteria that shall not limit proposals to a single site or impose restrictions that would preclude proposals for different sites. A deadline for submission for proposals will be required. A public advertisement will be placed in Wellsboro Gazette.

C. Selection Criteria

Proposals for project-based assistance may be requested for new or existing structures or structures that will undergo rehabilitation. The type of units sought for project based assistance may have special conditions that are created to achieve a desired housing outcome for the type of families targeted to receive housing assistance and/or to create affordable hosing opportunities in specific geographic areas meeting site selection criteria. Site selection criteria will be included as part of the proposal in order to inform prospective bidders of the methodology used to evaluate proposals.

D. Evaluation of Applications

Applications will be judged individually and may be approved for project based assistance if:

- 1. The application meets proposal requirements and the purposes described above;
- 2. The application meets site selection standards set by HUD pursuant to 24CFR Part 983;
- 3. Time tables for contract execution are met;
- 4. The owner is in good standing with HUD and TIOGA COUNTY Housing Authority; and,
- 5. The application is consistent with project based voucher regulations.

The Tioga County Housing Authority reserves the right to reduce the number of project-based units that have been requested.

E. Award of Project Based Contracts

Project based contracts will be approved by the Tioga County Housing Authority Board of Commissioners. Tioga County Housing Authority shall give prompt written notice of such selection to the party that submitted the proposal and prompt public notice of such selection.

F. Participant Rights and Responsibilities

Admission, tenant rent contributions, occupancy, tenancy, annual reexaminations, and housing quality standards and policies for participants will be governed by 24CFR Parts 982, 983 and this Administrative Plan. Tenants must comply with HUD's list of family obligations and Administrative Plan requirements.

G. Tioga County Housing Authority Responsibilities

Tioga County Housing Authority's project-based voucher program will comply with HUD and Tioga County Housing Authority regulations and policies. If Tioga County Housing Authority owned units are selected for project-based voucher assistance, TCHA will be required to allow a HUD filed office review of the TCHA's proposal and selection process.

Reason for Change – Initiate more stable affordable housing in the County to address the current affordable housing crisis as a result of the local Marcellus Shale Gas Play situation.

Rent Determination Policies Rent determination policies are explained in detail in the Authority's Public Housing Admissions and Occupancy Policy and the Authority's Section 8 Administrative Plan. Copies of both documents are available at the Authority's
